

## **IN THE SPECIFICATION**

Please replace the paragraph beginning at page 3 line 9 with the following rewritten paragraph:

--A cushion may further be provided and selectively attached to the base. An arm may further be provided and attached to the base, to support the cushion. The arm includes a first end attached to the base, and a second end attached to the cushion.--;

Please replace the paragraph beginning at page 6 line 9 with the following rewritten paragraph:

--For example, the cushion 25 may be rotatably attached to the other end of the arm 20 with a pivot axle 27, and/or may include a flap 26 rotatably attached to the arm 20 with the pivot axle 27. The flap 26 of the ~~cushion 26~~ cushion 25 may include one or more apertures 28 formed therein to receive another fastener or latch pin 29 which may be engaged through the arm 20, to adjustably secure and maintain the cushion 25 to the arm 20 at different angular positions.--.
